Welcome to Apollo Care

This booklet will provide you with information about our company, what to expect from us and the services we provide.

Apollo Care was established in 2011 by Cheryl White, a District Nurse, in response to the poor quality of care she had witnessed while providing nursing care to patients in their own homes. Her aim was to improve the quality of care for people living in their own homes by establishing a home care company that focussed on individual care needs.

Apollo is a domiciliary care agency that will:

“Provide individualised holistic care to individuals in the community who wish to remain living at home”

By providing care, support and advice, we enable our service users to remain as independent and self-caring as possible. We will provide assistance on an individual basis following a detailed, person-centred care plan, our service users can expect an excellent service provided by trained care staff.

*We promise to provide
person-centered,
holistic care to
individuals living in
their own homes.*

Apollo Care is compliant with Care Quality Commission standards and follows the KEY LINES OF ENQUIRY that our care teams are inspected and regulated against.

There are 5 questions that are asked of all care services. They are at the heart of everything we do and help us to make sure that we focus on the things that matter to people who use our service.

The 5 Questions

1 ARE WE SAFE?

You are protected from abuse and avoidable harm.

2 ARE WE EFFECTIVE?

Your care, treatment and support achieves good outcomes, helps you to maintain quality of life and is based on the best available evidence.

3 ARE WE CARING?

Staff involve and treat you with compassion, kindness, dignity and respect.

4 ARE WE RESPONSIVE TO PEOPLE'S NEEDS?

Services are organised so they meet your individual needs.

5 ARE WE WELL LED?

The leadership, management and governance of the organisation make sure we provide high-quality care that is based on your individual needs, that we encourage learning and innovation, and that we promote an open and fair culture.

**What do you expect from our service?
What would your ideal outcome be and
how can Apollo help you to achieve this?**

Delivery of your care

Apollo Care follows the 7 core principles of dignity when providing care to service users.

Principle 1:

Value the uniqueness of every individual.

Principle 2:

Uphold the responsibility to shape care and support services around each individual.

Principle 3:

Value communicating with individuals in ways that are meaningful to them.

Principle 4:

Recognise and respect how an individual's dignity may be affected when supported with their personal care.

Principle 5:

Recognise that an individual's surroundings and environments are important to their sense of dignity.

Principle 6:

Value workplace cultures that actively promote the dignity of everybody.

Principle 7:

Recognise the need to challenge care that may reduce the dignity of the individual.

Following the initial referral, a manager from Apollo Care will visit you at home.

A full assessment of your individual care needs will be carried out, your co-operation is vital! We will need to find out as much as we can about you, to provide you with a service that suits you perfectly.

The manager will also carry out a risk assessment to ensure work can be carried out safely in your home. Don't worry! Again, this is done with your co-operation and everything will be fully explained.

Our team of care staff is fully trained to provide the best care possible. They will record and monitor your needs at each visit and report any changes or concerns to their line manager.

YOU are at the very heart of everything we do.
